

MUTUAL. IT'S A SMALL WORD BUT IT MEANS A GREAT DEAL

It means we're different. Different because our customers influence the development of our products and services. So decisions are made with your best interests at heart and not shareholders or investors.

The way this is achieved is by your local NFU Mutual Agent investing time with businesses just like yours. This understanding and experience in our network can prove invaluable and of course we can meet face to face as little or as often as required. This personal approach is crucial to the success of both your business and ours.

Your Agent's experience and knowledge of the food and drink world helps to ensure you're protected and have planned for the unexpected, managing and protecting your reputation in the process.

They fully understand issues surrounding product recalls, production efficiency, security of supply and distribution through to increasingly consumer driven health demands.

Clearly as your business grows and becomes more complex we will continue to be involved and are on hand to advise and support.

ANOTHER ESSENTIAL INGREDIENT FOR YOUR BUSINESS

Developing an ongoing personal relationship with food and drink manufacturers, that's what makes us different

NFU Mutual
BUSINESS INSURANCE

My name is Darren Seward and I'm proud to be the Food and Drink Manufacturing Sector Lead for NFU Mutual. I've a great passion for food and drink, regularly visiting and speaking with producers and suppliers of all shapes and sizes throughout the UK.

The food and drink manufacturing industry is going through exciting changes, but of course from concept to consumption there are inevitably challenges and

unexpected issues cropping up along the way. Sometimes the list must seem endless to you.

Our network of local agencies fully appreciates the issues you have to deal with as you seek to grow your business. Together we have established close relationships with food and drink manufacturers such as yours, be they a small family bakery or large national drinks company. With one of your local Agents on hand to provide a local personal service, they will help ensure your business runs smoothly by recommending insurance solutions that are right for you.

A PARTNERSHIP BEYOND INSURANCE...

Our philosophy is to work with you to minimise your exposure to the uncertain things that may affect the smooth running of your business. Steps can be taken to prevent issues in the first place but what happens when something unavoidable occurs. Not only can this be financially damaging but reputation management and limiting damage to your brand will be crucial.

Health and safety too doesn't have to be complicated or time consuming, for many it's simply taking precautions and carrying out practical tasks – for example having the essential skills and training required to be an in-house first aider.

NFU Mutual Agents enjoy a close and lasting relationship with many food and drink manufacturers, from cheese makers to micro-breweries and

vineyards. As well as ensuring everything insurance related is in place, we can offer access to a range of additional services that make us stand out from other insurance companies and provide additional support to you and your business.

Experts at NFU Mutual Risk Management Services Limited are committed to providing you with a high level of guidance and advice on risk management and health and safety, including the resources you need to help ensure you meet any legal or regulatory requirements. Ultimately helping to improve safety within your business, and help you to ensure the welfare of your team.
